Absences / failure to submit may be excused for extended illnesses, death in the family, or conflicting school-sponsored extracurricular events (away games). This is at the Professor's discretion. In such instances, you must submit verifiable and official documentation to your instructor (e.g., a doctor's note or signed form from your coach / teacher sponsor).

Technological issues are not an excuse for late work. Do your assignments, quizzes and speeches early to ensure you have time for any issues that might arise.

Any excused work must be completed within 1 week of the due date listed on the syllabus.

**Attendance Policy:**

Online courses have a fundamentally different vision of student attendance. Students are expected to check emails daily in order to respond to the professor when contacted. If you are not able to respond to the professor within 1 week of receiving a message, then you may not be suited for online coursework.

Students who enroll in a course but have “Never Attended” by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of “X” or “F” as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student’s responsibility to be aware of that policy.

Attendance, for the purpose of census drops, is defined as having completed at least one assignment (in my class, the first assignment is to send me an email answering specific questions).

It is the student’s responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

**Student Code of Conduct Policy:** Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither instructor nor student should be subject to others’ behavior that is rude, disruptive, intimidating, aggressive, or demeaning. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class.

**Academic Honesty:** Appropriate citation and documentation will be given for materials and information obtained from other sources. Cases of plagiarism will be treated as will any case of academic dishonesty, with AT LEAST a failing grade for the assignment/examination. In addition, the student may be dropped from the course with a failing grade. See the Student Handbook for more information.

**Synchronous Meetings:** This class will meet one time over the course of the semester. This meeting will serve two purposes: first, to get the chance to have a real human interaction before proceeding into a largely asynchronous semester; second, it will give you the chance to ask me any questions about assignments over the course of the semester. If you want further meetings (virtual office hours), these can be arranged via email as well.

**Contacting your professor:** Please feel free to contact your professor if you have questions or concerns about your progress in this class. Please try to let him know in advance if you will have to miss class. You may contact your professor in person during office hours, or by email.
